

index to volume 53, 1984

A

- Activation of T lymphocytes and autologous mixed lymphocyte reaction in allergic patients. (a communication from Italy) W Dirienzo, M Bagnasco, M Caria, G Chimini, G Ciprandi, S Ferrini, and G W Canonica. 272
- Acute bronchial asthma. A comparative study of aerosolized terbutaline and subcutaneously administered epinephrine in the treatment of. Robert P Baughman, Yongyudh Ploysongsang, and William James. 131
- Acute deterioration of pulmonary function in cystic fibrosis illustrating the association of atopy and allergic bronchopulmonary aspergillosis with the underlying disease. (clinical allergy—immunology rounds) Deborah L Bix, Richard Summers, and Melvin Berger. 124
- Acute immune complex mediated glomerulonephritis in a Chinese girl with Wiskott-Aldrich syndrome variant. (communication from the Republic of China, case report) Ching-Yuang Lin and Hey-Chi Hsu. 74
- Adolescent asthma. Sudden death in. (clinical allergy-immunology rounds) Steven Rubenstein, Robert D Hindi, Richard B Moss, Joann Blessing-Moore, and Norman J Lewiston. 311
- Aerobiologic study of seasonal fungus prevalence in the indoor and outside air of dwellings of asthmatic patients living in northeast Netherlands. A volumetric-. (a communication from the Netherlands) Frits Beaumont, Henk F Kauffman, Henk J Sluiter, and Klaas de Vries. 490
- Beta-Adrenergic blockade: a relative contraindication. Insect sting anaphylaxis and. (case report) Lawrence E Awai and Yoseph A Mekori. 48
- Aeroallergens in non-atopic individuals. Nature and incidence of serum precipitins against. Guillermo V Villacorte and Theresa A Munoz. 322
- Aerosol on *Dermatophagoides farinae* induced bronchospasm in asthmatic patients. Safety and efficacy of salbutamol. (a communication from Greece) Dimitris Giulekas, Nicholas Tsakalos, Pandora Christaki-Kukuriku, Thomas Kotsopoulos, and Dimitris Antoniou. 422
- Aerosolized buffered saline—effects of topical airway anesthesia. Tejvir Chadha, Steven Birch, Gilbert Jenouri, and Marvin A Sackner. 226
- Aerosolized buffered saline in asthmatics. Mechanism of bronchoconstrictive effects of. Tejvir S Chadha, Ignacio Danta, and Marvin A Sackner. 35
- Air filter and face mask to use during periods of air pollution. Introduction of a new cosmetically acceptable. (news bulletin & allergy forum) Stanley I Wolf and Charles L Mulchi. 106
- Airflow limitation in stable asthmatics. Importance of physician identification of. Christiane de Boeck, Raelle Zinman, Charles Larson, and Zelda Fox. 30
- Airway obstruction with ipratropium bromide and metaproterenol. Comparison between long-term treatment of chronic bronchitic. Kumar Ashutosh and Howard Lang. 401
- Alam, Rafeul, Jerzy Rozniecki, and Krzysztof Salmaj: A mononuclear cell derived histamine releasing factor (HRF) in asthmatic patients. Histamine release from basophils *in vitro*. (a communication from Poland) 66
- Ali, Majid and Madhava P Ramanarayanan: Correlation of a micro-ELISA assay with the skin test and the RAST assay in inhalant allergy. 143
- Allergenic plants. I. and II. Nomenclature of. (a review) Richard R Halse. 291
- Allergic bronchopulmonary aspergillosis: a case report and comment on reliability of testing sources. (case report) John B Copley and John T McDonnell. 50
- Allergic bronchopulmonary aspergillosis with the underlying disease. Acute deterioration of pulmonary function in cystic fibrosis illustrating the association of atopy and. (clinical allergy—immunology rounds) Deborah L Bix, Richard Summers, and Melvin Berger. 124
- Allergic diseases. A study of possible ill effects from prolonged immunotherapy in treatment of. (communication from Australia) C H Katelaris and R S Walls. 257
- Allergic patients. Activation of T lymphocytes and autologous mixed lymphocyte reaction in. (a communication from Italy) W Dirienzo, M Bagnasco, M Caria, G Chimini, G Ciprandi, S Ferrini, and G W Canonica. 272
- Allergic respiratory disease using monoclonal antibodies. T cell subsets in. (a communication from Spain) Pablo Engel, Joan Huguet, Jordi Sanosa, Pilar Sierra, Neus Cols, and Pedro A Garcia-Calderon. 337
- Allergic rhinitis—a test by the multi-clinic, intergroup, double-blind comparative method. A clinical evaluation of N-5' with perennial-type. (a communication from Japan) Minoru Okuda, Takeru Ishikawa, Yozo Saito, Takaharu Shimizu, and Shunkichi Baba. 178
- Allergic rhinitis. Tympanometric changes following nasal antigen challenge in children with allergic rhinitis. Richard D O'Connor, Howard Ort, Albin B Leong, David A Cook, Donald Street, and Robert N Hamburger. 468
- Allergy abstracts from around the world. 91, 191, 280, 358, 436, 495

INDEX TO VOLUME 53, 1984

- Allergy. A complicated case of penicillin allergy. W Cameron, M Windt, L Borish, R Tamir, L Rosenwasser, and R Rocklin. (clinical allergy—immunology rounds). 455
- Allergy. Correlation of a micro-ELISA assay with the skin test and the RAST assay in inhalant. Majid Ali and Madhava P Ramanarayanan. 143
- Allergy. Human insulin. (case report) Peter Small and Sam Lerman. 39
- Allergy. Insect sting. (review article) David B K Golden and Martin D Valentine. 444.
- Allergy III. Office screening for immune deficiency. Diagnostic procedures in. (review article) A Betts Carpenter, Tony R Zerbe, and Bruce S Rabin. 2
- Allergy prediction—a follow-up to seven years of age in 1,651 children. Cord blood IgE determination for. (a communication from Sweden) N-I M Kjellman and S Croner. 167
- Allergy to dog: a double-blind clinical study. Immunotherapy in. (a communication from Finland) Erkkä Valovirta, Antti Koivikko, Timo Vanto, Markku Viander, and Lars Ingeman. 85
- Anaphylactic reaction: three illustrative cases. Biphasic systemic. (case report) Valentin T Popa and Stephen A Lerner. 151
- Anaphylaxis and beta-adrenergic blockade: a relative contraindication. Insect sting. (case report) Lawrence E Awai and Yoseph A Mekori. 48
- Anaphylaxis due to a psyllium-containing drug. IgE mediated. Joram S Seggev, Ken Ohta, and W Ronald Tipton. 325
- Anaphylaxis presumed to be caused by beef containing streptomycin. (case report) David G Tinkelman and S Allan Bock. 243
- Anesthesia. Breathing pattern alterations with aerosolized buffered saline—effects of topical airway. Tejvir Chadha, Steven Birch, Gilbert Jenouri, and Marvin A Sackner. 226
- Angioedema in non-atopic children. Aspirin-induced recurrent urticaria and recurrent. (a communication from Spain). Jaime Botey, Marcel Ibero, Alfons Malet, Ana Marin, and Jose Luis Eseverri. 265
- Antigen challenge in children with allergic rhinitis. Tympanometric changes following nasal. Richard D O'Connor, Howard Ort, Albin B Leong, David A Cook, Donald Street, and Robert N Hamburger. 468
- Antigen recognition in Chinese and Caucasians. Herbert S Kaufman, Patricia T Kelly, and Gunnard W Modin. 135
- Antigens using a new "Multitest" applicator. Delayed hypersensitivity responses of cancer patients to recall. James M Reuben and Evan M Hersh. 390
- Antoniou, Dimitris, Dimitris Giulekas, Nicholas Tsakalos, Pandora Christaki-Kukuriku, and Thomas Kotsopoulos: Safety and efficacy of salbutamol aerosol on *Dermatophagoides farinae* induced bronchospasm in asthmatic patients. (a communication from Greece) 422
- Ashutosh, Kumar and Howard Lang: Comparison between long-term treatment of chronic bronchitic airway obstruction with ipratropium bromide and metaproterenol. 401
- Aspergillosis: a case report and comment on reliability of testing sources. Allergic bronchopulmonary. (case report) John B Copley and John T McDonnell. 50
- Aspergillosis with the underlying disease. Acute deterioration of pulmonary function in cystic fibrosis illustrating the association of atopy and allergic bronchopulmonary. (clinical allergy—immunology rounds) Deborah L Birx, Richard Summers, and Melvin Berger. 124
- Aspiration of a foreign body. The development of asthma after tracheobronchial. John T Twiggs, Edward J O'Connell, John W Yunginger, Anthony H Tjio, and John C McDougall. 407
- Aspirin-induced recurrent urticaria and recurrent angioedema in non-atopic children. (a communication from Spain) Jaime Botey, Marcel Ibero, Alfons Malet, Ana Marin, and Jose Luis Eseverri. 265
- Aspirin ingestion in aspirin-intolerant asthmatic patients. (a communication from Belgium) Nicole Naeije, Martha Bracamonte, Olivier Michel, Roger Sergysels, and Jean Duchateau. 262
- Aspirin-intolerant asthmatic patients. Effects of chronic aspirin ingestion in. (a communication from Belgium) Nicole Naeije, Martha Bracamonte, Olivier Michel, Roger Sergysels, and Jean Duchateau. 262
- Asthma. A comparative study of aerosolized terbutaline and subcutaneously administered epinephrine in the treatment of acute bronchial. Robert P Baughman, Yongyudh Ploysongsang, and William James. 131
- Asthma after tracheobronchial aspiration of a foreign body. The development of. John T Twiggs, Edward J O'Connell, John W Yunginger, Anthony H Tjio, and John C McDougall. 407
- Asthma among children in the Washington, D.C. area during 1961–1981. Increased hospitalizations for. Daniel I Mullally, William A Howard, Thomas J Hubbard, Justina S Grauman, and Sheldon G Cohen. 15
- Asthma: a panoramic view and a hypothesis. (a review) Robert T Scanlon. 203
- Asthma. Comparison of ultrasonically nebulized distilled water and hyperventilation with cold air in. (a communication from Italy) Leonardo M Fabbri, Cristina E Mapp, and David J Hendrick. 172
- Asthma. Increases in deaths from. R Michael Sly. 20
- Asthma. Laryngeal spasm mimicking bronchial asthma. Surendra S Chawla, Bharat K Upadhyay, and Kenneth F MacDonnell. 319
- Asthma, or variable obstructive intrabronchial disease (VOID): an in depth review. (a review) Constantine J Falliers. 113
- Asthma. Sudden death in adolescent. (clinical allergy-immunology rounds) Steven Rubenstein, Robert D Hindi, Richard B Moss, Joann Blessing-Moore, and Norman J Lewiston. 311
- Asthma. The effect of high dose glucocorticoid therapy on immunoglobulin E in. Eve H Gordon, James L Kinney, and William B Klaustermeyer. 476

INDEX TO VOLUME 53, 1984

- Asthma. The kinin system in exercise-induced. (a communication from Israel) I Neuman, O Inbar, and D Creter. 351
- Asthmatic patients at rest and following exercise. Bronchodilating effect of cromolyn sodium in. (a communication from Israel) P Weiner, J Greif, E Fireman, S Kivity, and M Topilsky. 186
- Asthmatic patients. Effects of chronic aspirin ingestion in aspirin-intolerant asthmatic patients. (a communication from Belgium) Nicole Naeije, Martha Bracamonte, Olivier Michel, Roger Sergysels, and Jean Duchateau. 262
- Asthmatic patients. Histamine release from basophils in vitro. A mononuclear cell derived histamine releasing factor (HRF) in. (a communication from Poland) Rafeul Alam, Jerzy Rożniecki, and Krzysztof Salmaj. 66
- Asthmatic patients living in northeast Netherlands. A volumetric-aerobiologic study of seasonal fungus prevalence in the indoor and outside air of dwellings of. (a communication from the Netherlands) Frits Beaumont, Henk F Kauffman, Henk J Sluiter, and Klaas de Vries. 490
- Asthmatic patients. Safety and efficacy of salbutamol aerosol on *Dermatophagoides farinae* induced bronchospasm in. (a communication from Greece) Dimitris Giulekas, Nicholas Tsakalos, Pandora Christaki-Kukuriku, Thomas Kotsopoulos, and Dimitris Antoniou. 422
- Asthmatics. Importance of physician identification of airflow limitation in stable asthmatics. Christiane de Boeck, Raezelle Zinman, Charles Larson, and Zelda Fox. 30
- Asthmatics. Mechanism of bronchoconstrictive effects of aerosolized buffered saline in. Tejvir S Chadha, Ignacio Danta, and Marvin A Sackner. 35
- Asthmatic. The vomiting. Leonard Schreier, Robert M Cutler, and Vijay Saigal. (case report) 42
- Atopics. The regulatory effect of histamine on the immune response: III. Defect on *in vitro* IgE production in. Jacques Hebert, Roger Beaudoin, Marcel Girard, Andre Beaulieu, Lewis Perelmutter, and Claude Tremblay. 138
- Atopy and allergic bronchopulmonary aspergillosis with the underlying disease. Acute deterioration of pulmonary function in cystic fibrosis illustrating the association of. (clinical allergy—immunology rounds) Deborah L Bix, Richard Summers, and Melvin Berger. 124
- Atopy and bronchial responsiveness to histamine in a random population. Relationship between. D W Crockcroft, K Y Murdock, and B A Berscheid. 26
- Awai, Lawrence E and Yoseph A Mekori: Insect sting anaphylaxis and beta-adrenergic blockade: a relative contraindication. (case report) 48
- Ayuso, R, M Rubio, T Herrera, C Gurbindo, and J Carreira: Stability of *Lolium perenne* extract. (a communication from Spain) 426

B

- Baba, Shunkichi, Minoru Okuda, Takeru Ishikawa, Yozo Saito, and Takaharu Shimizu: A clinical evaluation of N-5' with perennial-type allergic rhinitis—a test by the multi-clinic, intergroup, double-blind comparative method. (a communication from Japan) 178
- Bagnasco, M, M Caria, G Chimini, G Ciprandi, S Ferrini, G W Canonica, and W Dirienzo: Activation of T lymphocytes and autologous mixed lymphocyte reaction in allergic patients. (a communication from Italy) 272
- Basophils in vitro. A mononuclear cell derived histamine releasing factor (HRF) in asthmatic patients. Histamine release from. (a communication from Poland) Rafeul Alam, Jerzy Rożniecki, and Krzysztof Salmaj. 66
- Baswell, Bonnie, Danny D Shen, John W Georgitis, and Stanley J Szefer: Use of pharmacokinetic profile in evaluating patients with repeatedly low theophylline concentrations. 231
- Baughman, Robert P, Yongyudh Ploysongsang, and William James: A comparative study of aerosolized terbutaline and subcutaneously administered epinephrine in the treatment of acute bronchial asthma. 131
- Beans). IgE-mediated hypersensitivity to taugh (sprouted small green. A W van Toorenbergen and P H Dieges. 239
- Beaudoin, Roger, Marcel Girard, Andre Beaulieu, Lewis Perelmutter, Claude Tremblay, and Jacques Hebert: The regulatory effect of histamine on the immune response: III. Defect on *in vitro* IgE production in atopics. 138
- Beaulieu, Andre, Lewis Perelmutter, Claude Tremblay, Jacques Hebert, Robert Beaudoin, and Marcel Girard: The regulatory effect of histamine on the immune response: III. Defect on *in vitro* IgE production in atopics. 138
- Beaumont, Frits, Henk F Kauffman, Henk J Sluiter, and Klaas de Vries: A volumetric-aerobiologic study of seasonal fungus prevalence in the indoor and outside air of dwellings of asthmatic patients living in the northeast Netherlands. (a communication from the Netherlands) 490
- Beef containing streptomycin. Anaphylaxis presumed to be caused by. (case report) David G Tinkelman and S Allan Bock. 243
- Bellanti, Joseph A, Amira Shams El Din, F Ridgely Benton, William K Bottomley, Gregory A Hoy, Raoul L Wientzen, and Barbara Zelig: Hyperkeratosis, periodontitis, and chronic pyogenic infections in a 15-year-old boy. (clinical allergy—immunology rounds) 11
- Beinincori, N, M de Angelis, A Di Fazio, L Businco, A Cantani, and E Businco: A three year controlled study in children with pollinosis treated with immunotherapy. (a communication from Italy) 79
- Benton, F Ridgely, William K Bottomley, Gregory R Hoy, Raoul L Wientzen, Barbara Zelig, Joseph A Bellanti, and Amira Shams El Din: Hyperkeratosis, periodontitis, and chronic pyogenic infections in a 15-year-old boy. (clinical allergy—immunology rounds) 11

INDEX TO VOLUME 53, 1984

- Berger, Melvin, Deborah L. Bix, and Richard Summers: Acute deterioration of pulmonary function in cystic fibrosis illustrating the association of atopy and allergic bronchopulmonary aspergillosis with the underlying disease. (clinical allergy—immunology rounds) 124
- Berscheid, B. A., D. W. Crockcroft, and K. Y. Murdock: Relationship between atopy and bronchial responsiveness to histamine in a random population. 26
- Berti, R., P. Rossi, R. Paganelli, P. P. Castagliuolo, R. D'Amelio, and A. Fattorossi: Serum IgG, IgA, IgM, IgE, salivary IgA levels and lung function in a healthy male population from the Italian air force. 432
- Bierman, C. Warren, Gail G. Shapiro, and Susan G. Marshall: Otitis media with effusion in childhood. (review article) 370
- Biphasic systemic anaphylactic reaction: three illustrative cases. (case report) Valentin T. Popa and Stephen A. Lerner. 151
- Birch, Steven, Gilbert Jenouri, Marvin A. Sackner, and Tejvir Chadha: Breathing pattern alterations with aerosolized buffered saline—effects of topical airway anesthesia. 226
- Bix, Deborah L., Richard Summers, and Melvin Berger: Acute deterioration of pulmonary function in cystic fibrosis illustrating the association of atopy and allergic bronchopulmonary aspergillosis with the underlying disease. (clinical allergy—immunology rounds) 124
- Blessing-Moore, Joann, Norman J. Lewiston, Steven Rubenstein, Robert D. Hindi, and Richard B. Moss: Sudden death in adolescent asthma. (clinical allergy—immunology rounds) 311
- Bock, S. Allan and David G. Tinkelman: Anaphylaxis presumed to be caused by beef containing streptomycin. (case report) 243
- Bone marrow derived cultured mast cells. Elemental x-ray microanalysis of mouse peritoneal and. (a communication from Poland) P. Fishman, B. Sredni, J. Hart, and M. Djaldetti. 70
- Book reviews. 89, 190, 278
- Borish, L., R. Tamir, L. Rosenwasser, R. Rocklin, W. Cameron, and M. Windt: A complicated case of penicillin allergy. (clinical allergy—immunology rounds) 455
- Botey, Jaime, Marcel Ibero, Alfons Malet, Ana Marin, and Jose Luis Eserverri: Aspirin-induced recurrent urticaria and recurrent angioedema in non-atopic children. (a communication from Spain) 265
- Bottomley, William K., Gregory R. Hoy, Raoul L. Wientzen, Barbara Zelig, Joseph A. Bellanti, Amira Shams El Din, and F. Ridgely Benton: Hyperkeratosis, periodontitis, and chronic pyogenic infections in a 15-year-old boy. (clinical allergy—immunology rounds) 11
- Bracamonte, Martha, Olivier Michel, Roger Sergysels, Jean Duchateau, and Nicole Naeije: Effects of chronic aspirin ingestion in aspirin-intolerant asthmatic patients. (a communication from Belgium) 262
- Breathing pattern alterations with aerosolized buffered saline—effects of topical airway anesthesia. Tejvir Chadha, Steven Birch, Gilbert Jenouri, and Marvin A. Sackner. 226
- Bromide and metaproterenol. Comparison between long-term treatment of chronic bronchitic airway obstruction with ipratropium. Kumar Ashutosh and Howard Lang. 401
- Bronchial asthma. Laryngeal spasm mimicking. Surendra S. Chawla, Bharat K. Upadhyay, and Kenneth F. MacDonnell. 319
- Bronchial reactivity. Nifedipine does not alter methacholine-induced bronchial reactivity. Joseph I. Matthews, Harvey M. Richey III, Frank W. Ewald, Jr., and David L. Glendening. 462
- Bronchial responsiveness to histamine in a random population. Relationship between atopy and. D. W. Crockcroft, K. Y. Murdock, and B. A. Berscheid. 26
- Bronchitic airway obstruction with ipratropium bromide and metaproterenol. Comparison between long-term treatment of chronic. Kumar Ashutosh and Howard Lang. 401
- Bronchoconstriction. Time-course of response in exercise-induced. (a communication from Japan) Shunsuke Suzuki, Tatsuya Chonan, Hidetada Sasaki, and Tamotsu Takishima. 341
- Bronchoconstrictive effects of aerosolized buffered saline in asthmatics. Mechanism of. Tejvir S. Chadha, Ignacio Danta, and Marvin A. Sackner. 35
- Bronchodilating effect of cromolyn sodium in asthmatic patients at rest and following exercise. (a communication from Israel) P. Weiner, J. Greif, E. Fireman, S. Kivity, and M. Topilsky. 186
- Bronchodilator inhalant solution admixtures. Physical-chemical compatibility of cromolyn sodium nebulizer solution—. Lawrence J. Lesko and Ann K. Miller. 236
- Bronchospasm. Combination drug therapy in children with exercise-induced. Nancy P. Cummings and Robert C. Strunk. 395
- Bronchospasm in asthmatic patients. Safety and efficacy of salbutamol aerosol on *Dermatophagoides farinae* induced. (a communication from Greece) Dimitris Giulekas, Nicholas Tsakalos, Pandora Christaki-Kukuriku, Thomas Kotsopoulos, and Dimitris Antoniou. 422
- Bunnag, Chaweevan, Boonchua Dhorranintra, and Sophon Kongsamran: A study of the skin reaction to bacterial vaccine in perennial rhinitis. (a communication from Thailand) 268
- Businco, E., N. Benincori, M. De Angelis, A. Di Fazio, L. Businco, and A. Cantani: A three year controlled study in children with pollinosis treated with immunotherapy. (a communication from Italy) 79
- Businco, L., A. Cantani, E. Businco, N. Benincori, M. De Angelis, and A. Di Fazio: A three year controlled study in children with pollinosis treated with immunotherapy. (a communication from Italy) 79

C

- Cadahia, A., F. I. Kurdi, M. J. Rodrigo, and P. Garcia-Ortega: Diagnosis of Parietaria Pollinosis. (a communication from Spain) 347

INDEX TO VOLUME 53, 1984

- Cameron, W, M Windt, L Borish, R Tamir, L Rosenwasser, and R Rocklin: A complicated case of penicillin allergy. (clinical allergy—immunology rounds) 455
- Cancer patients to recall antigens using a new "Multitest" applicator. Delayed hypersensitivity responses of. James M Reuben and Evan M Hersch. 390
- Canonica, G W, W Dirienzo, M Bagnasco, M Caria, G Chimini, G Ciprandi, and S Ferrini: Activation of T lymphocytes and autologous mixed lymphocyte reaction in allergic patients. (a communication from Italy) 272
- Cantani, A, E Businco, N Benincori, M De Angelis, A Di Fazio, and L Businco: A three year controlled study in children with pollinosis treated with immunotherapy. (a communication from Italy) 79
- Caria, M, G Chimini, G Ciprandi, S Ferrini, G W Canonica, W Dirienzo, and M Bagnasco: Activation of T lymphocytes and autologous mixed lymphocyte reaction in allergic patients. (a communication from Italy) 272
- Carpenter, A Betts, Tony R Zerbe, and Bruce S Rabin: Diagnostic procedures in allergy III. Office screening for immune deficiency. (review article) 2
- Carreira, J, R Ayuso, M Rubio, T Herrera, and C Gurbindo: Stability of *Lolium perenne* extract. (a communication from Spain) 426
- Castagliuolo, P P, R D'Amelio, A Fattorossi, R Berti, P Rossi, and R Paganelli: Serum IgG, IgA, IgM, IgE, salivary IgA levels and lung function in a healthy male population from the Italian air force: a preliminary study. 432
- Catarrh, Tetter and Phthisis. (news bulletin & allergy forum) Alexander McCausland. 109
- Caucasians. Antigen recognition in Chinese and. Herbert S Kaufman, Patricia T Kelly, and Gunnard W Modin. 135
- Chadha, Tejvir, Steven Birch, Gilbert Jenouri, and Marvin A Sackner: Breathing pattern alterations with aerosolized buffered saline—effects of topical airway anesthesia. 226
- Chadha, Tejvir S, Ignacio Danta, and Marvin A Sackner: Mechanism of bronchoconstrictive effects of aerosolized buffered saline in asthmatics. 35
- Charytan, Morris, Rogelio Rojas, and Arye Rubinstein: Recurrent respiratory infections and gastroenteritis associated with failure to thrive in a 17-month-old infant. (clinical allergy—immunology rounds) 215
- Chaudhary, Tesneem K, Betty B Wray, Margaret F Guill, Thomas M Crews, and Newton Coker: Chronic urticaria related to sialoadenitis. (case report) 410
- Chawla, Surendra S, Bharat K Upadhyay, and Kenneth F MacDonnell: Laryngeal spasm mimicking bronchial asthma. 319
- Chemical compatibility of cromolyn sodium nebulizer solution—bronchodilator inhalant solution admixtures. Physical—. Lawrence J Lesko and Ann K Miller. 236
- Children with exercise-induced bronchospasm. Combination drug therapy in. Nancy Cummings and Robert C Strunk. 395
- Chinese and Caucasians. Antigen recognition in. Herbert S Kaufman, Patricia T Kelly, and Gunnard W Modin. 135
- Chinese girl with Wiskott-Aldrich syndrome variant. Acute immune complex mediated glomerulonephritis in a. (communication from the Republic of China, case report) Ching-Yuang Lin and Hey-Chi Hsu. 74
- Chimini, G, G Ciprandi, S Ferrini, G W Canonica, W Dirienzo, and M Bagnasco: Activation of T lymphocytes and autologous mixed lymphocyte reaction in allergic patients. (a communication from Italy) 272
- Cholinergic urticaria. Positive intradermal tests to D-tubocurarine in patients with. (a communication from Israel) Ronni Wolf, Danny Wolf, and Miriam Sandbank. 355
- Chonan, Tatsuya, Hidetada Sasaki, Tamotsu Takishima, and Shunsuke Suzuki: Time-course of response in exercise-induced bronchoconstriction. (a communication from Japan) 347
- Christaki-Kukuriku, Pandora, Thomas Kotsopoulos, Dimitris Antoniou, Dimitris Giulekas, and Nicholas Tsakalos: Safety and efficacy of salbutamol aerosol on *Dermatophagoides farinae* induced bronchospasm in asthmatic patients. (a communication from Greece) 422
- Chronic bronchitic airway obstruction with ipratropium bromide and metaproterenol. Comparison between long-term treatment of. Kumar Ashutosh and Howard Lang. 401
- Chronic urticaria related to sialoadenitis. (case report) Tesneem K Chaudhary, Betty B Wray, Margaret F Guill, Thomas M Crews, and Newton Coker. 410
